

1 **MT - How to ...**
2 **—**
3 **Help for MT data processing and analysing**

4 Kent Inverarity, Jared Peacock, Lars Krieger*

5 2012

*University of Adelaide – School of Earth and Environmental Sciences – Mawson Building – Adelaide

¹ Introduction

² This is a collection of guides (*How to ...*) for various steps in the processing of MT data. Most
³ steps are based on the MTPy package.

⁴ December 20, 2012, LK

Contents

1	1	Structure	4
1	2	In the field	5
1	3	Raw-data-/time-series processing	6
1	4	Modelling (1-/2-/3-D)	7
1	5	Visualisation	8
1	6	Helpful information, tools, and scripts	9
